**Dépôt des amendements de Kampala par la République Tchèque  
New York, 12 mars 2015**

Ambassador Edita Hrdà  
Professor Santiago Villalpando  
Minister Stefan Barriga

This is my first visit to New York since my election at the thirteenth session of the Assembly. I am honoured that in this occasion, I am able to witness this deposit event.

As we just witnessed, the act of deposit of the ratification of the Kampala Amendments to the Rome Statute is so simple. At the same time, it means so much.

It is the result of nation-wide consultations and of the hard work of many people, including you Ambassador. More importantly, it can have great implications for the future of generations.

I recognise the commitment of the Czech Republic to peace, because the Kampala Amendments are key to prevent war.

Je vous dites merci en espérant que beaucoup d'autres documents de ratification seront déposés ici, je vous félicite et je voudrais vous dire que ceux que nous somme entrain de faire aura un rôle importante pour un monde en paix, un monde de justice, pour toutes les victimes de crimes de masse qui ont besoin de justice.
